

CELEBRATING 10 YEARS

THE MAKING OF...

We built out Rintintin in 3 months with our experienced team in 2013. This Restaurant was called Cafe Lebowitz and Barmarthe before we took over. As always we weren't an overnight success and it took quite a few years for Rintintin to become what it is now. People didn't connect to our "design" in the early years, now 10 years later it seems our design is contemporary and "spot on"! I guess we were ahead of the curve with a dozen "Mediterranean" restaurants in our neighborhood today that all offer Zucchini Chips!

THE TEAM

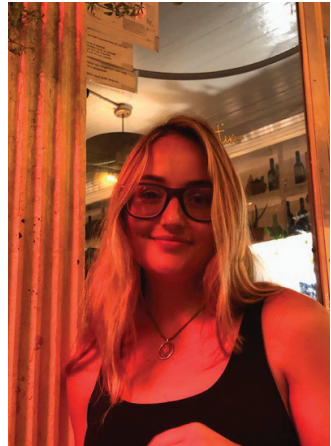

Past and Present

Too many people to mention were involved in creating Rintintin to what it is today. We tried to include as many people as we could in photos we gathered over the years of all the people who helped make Rintintin a unique place in an increasingly corporate restaurant industry in New York.

We have team members who have been with us since day one and we're very proud of that. Of course very special thanks go to all the people behind the scenes, the Rintintin crew you may not see but whose hard work keeps our doors open, and who have helped made us a downtown staple for the past ten years. Thank you to all!

It's been quite a remarkable run but we say "We're just starting!"
